DAHLIAS

Most Dahlias are poor cut flowers, but the few varieties here listed have been tried and found A-1. Each year I expect to try out a few more and add to this list only those varieties which prove excellent for cutting. Flowers should be cut late in afternoon or early morning. Place tips of stems in boiling water for about 20 seconds, then immediately plunge deep in cold water. With this treatment they will keep for a week or longer. If blooms prematurely droop, place stems in hot water and allow them to remain until water cools. This will usually revive them.

Amun Ra (D)—The Egyptian Sun God. Outer petals are copper and orange deepening to a rich reddish bronze. Each.....	\$1.25
Empress Eugenie (D)—An excellent flower in every way for all purposes. Color is a light rosalin purple shading to light mallow-purple. A very early and free bloomer. Blooms are large and stems perfect. Each.....	1.25
Insulinde (D)—Saffron yellow, blending to russet orange.....	1.50
Jean Chazot (H. C.)—Golden bronze, suffused nasturtium red. Long stiff wiry stems hold flowers well above foliage to display full beauty.....	1.25
Jersey's Beauty (D)—Considered the finest pink decorative ever introduced. True pink flowers of perfect form produced on long stiff stems.....	2.50
La Doska Dowd (D)—Clear yellow, rich golden center. Large flowers freely produced on long stiff stems..	1.25
Mr. H. C. Dresselhuys (D)—Blush pink; medium large flowers are borne on long stiff stems. I think this the best cut flower dahlia I have ever seen. Awarded sweepstakes at Western Washington State Fair, 1925.....	1.25
Mrs. Carl Salbach (D)—Immense blooms of lovely mauve pink shading to lighter center, long, stiff stems..	.50
Mrs. I. de Ver Warner (D)—Lively deep pinkish mauve; gigantic blooms on long cane-like stems.....	1.00
Pride of California (D)—Best large bright red; strong stems.....	.50
U. S. A. (H. C.)—This magnificent mammoth dahlia is a deep orange or copper bronze, unique and novel; free blooming with fine long stems.....	.75
Wizard of Oz (D)—This giant dahlia is a rare shade of glowing amber pink, valuable for exhibition as well as cut flower and an ornament in the garden.....	3.00

POMPON DAHLIAS

The demand for Pompon Dahlias has greatly increased in recent years because they are almost indispensable for small decorations and have many uses where the larger varieties would be out of the question. They come in almost all colors, bloom very freely and have excellent keeping qualities. The varieties here listed are the best, chosen after much study in many gardens.

25 cents each; \$2.50 per doz.

Belle of Springfield—Brick red; smallest dahlia grown.
 Ganneymede—Fawn, overlaid silvery rose.
 Glow—Charming old rose; small.
 Grafina Anna Von Schwerin—Very beautiful light pink blending to white center; my favorite of all pompons.
 Halley Star—Creamy yellow.
 Joe Fetti—Splendid pure white.
 Little Beeswing—Yellow, tipped deep cherry red.

Little Bugler—Small rosy purple.
 Little Johnnie—Crimson maroon.
 Midget—Soft salmon peach rose.
 Nerissa—Soft rosy pink.
 Skeezix—Small, pale lavender pink.
 Snow Clad—Pure white, profuse bloomer, but short stems.
 Sunset—Very small, deep golden orange; beautiful.
 Surrey Star (Single)—Old rose, golden center; small.

HARDY PERENNIAL PHLOX

Do not overlook these in your collection of plants. Certainly no perennial is more worthy of cultivation, more satisfactory in every situation or more effective either as individual plants or grouped in masses in the hardy borders. The plants begin to flower in early summer and the garden borders can be kept aflame with great flower cones from June until frost.

Plants, 20c each; 3 for 50c

Antonin Mercie—Clear lilac with white eye.

Baron Von Deedem—Brilliant scarlet.

Beacon—Brilliant cherry-red.

Elizabeth Campbell—Most beautiful phlox in cultivation; light salmon changing to pink in center.

Gefion—Tender peach pink with bright rose eye, creating a soft mauve effect; flower and truss very large.

Rheinlander—Beautiful salmon pink, claret-red eye.

Riverton Jewell—Lovely mauve rose.

Rynstrom—Immense trusses with blooms larger than a silver dollar; beautiful clear rose pink.

Siebold's Scarlet—Intense fiery scarlet.

Thor—Rich salmon pink with deep crimson eye.

HARDY PERENNIALS

Add 25 cents extra for packing and postage on all plant orders less than \$1.50.

ALYSSUM SAXATILE (Rock Madwort). Masses of yellow bloom in the spring. Height 6 inches....	.20	2.00
ANCHUSA DROPMORE (Alkanet). Large, vigorous plants, 4 to 5 feet high with beautiful blue flowers. Requires lots of room.....	.20	2.00
ANEMONE JAPONICA (Windwort). Tall growing autumn flowering plants much used in borders. Honore Jobert, single white.....	.25	2.50
ANEMONE ST. BRIGID. Spring flowering. Various colored double, semi-double and single flowers. 6 inches to 2 feet high.....	.15	1.50
ANTHEMIS TINCTORIA KELWAYI (Camomile). Small pale yellow Marguerite-like flowers, good for cutting. Flowers from June.....	.20	2.00
ARTEMESIA (Lactiflora). Growing to the height of 6 or 7 feet, useful for the back of perennial borders, with creamy spirea-like flowers in August.....	.20	2.00
ASTERS (Michaelmas Daisies). Autumn-flowering perennials, useful for bouquets and for planting in perennial borders. Colors: White, pale blue, dark blue, lavender and pink.		
Climax, light lavender, 4 feet.....	.20	2.00

CATANANCHE (Blue Cupidone). Border plant about 2 feet high, blue flowers, very suitable for cutting in July and August.		
Bicolor, white variety.....	.20	2.00
Coerulea, blue.....	.20	2.00
CENTAUREA (Knap Weed).		
Macrocephala (Golden Knap Weed). Grows from 3 to 4 feet high, with large golden heads of bloom flowering in July. Strong growing and suitable for the back of perennial borders and for cut flowers.		
Montana (Mountain Knap Weed). Border plant, growing 2 feet high, flowers resembling those of the Bachelor's Button, only larger. Extremely hard and free-flowering from June to autumn	.20	2.00
CHEIRANTHUS		
Allioni (Siberian Wallflower). Apricot-colored flowers, blooming later than the ordinary wallflower, and continuing in bloom the whole summer, if the seed pods are removed.....	.10	1.00
DIGITALIS (Foxglove).....	.10	1.00
DORONICUM (Leopard's Bane). Early Spring flowering; vigorous growth, will thrive in any soil or location. Large yellow daisy-like flowers.		
Austriacum, the earliest variety.....	.20	2.00
Plantagineum, later; longer stems and larger flowers.....	.20	2.00
ECHINOPS (Globe Thistle). Round heads of steel-blue flowers in July and August, growing to a height of 3 to 5 feet. Useful for cutting for winter decoration.		
Ritro, deep blue.....	.25	2.50
ERIGERON (Fleabane). Daisy-like plants. Speciosa Lavender flowers, yellow centers.....	.20	2.00
GAILLARDIA GRANDIFLORA (Blanket Flower). Showy daisy-like plants blooming a long period and valuable for cutting; height 2 to 3 feet.....	.15	1.50

GEUM (Avens). Double flowers, commencing to bloom early in the spring and continuing right along to the end of August		
Mrs. Bradshaw, large double scarlet flowers.....	.20	2.00
IBERIS (Perennial Candytuft). Fine Plants for rock work.		
Gibraltarica, the largest flowered, opening white and shading off to lavender.....	.20	2.00
JASIONE HUMILIS (Sheeps Scabious). A dwarf perennial tufted plant about 6 inches high, small heads of pale blue flowers in July and August.....	.25	2.50
KNIPHOFIA (Tritoma); (Red Hot Poker). One of the most striking of autumn flowers, with tall spikes of flaming scarlet and yellow blooms.....	.20	2.00
LINUM (Flax).		
Perenne, sky-blue flowers with stems from 2 to 2½ feet long. Very free flowering.....	.10	1.00
MONARDA DIDYMA (Bergamot). Scarlet flowers at the axles of leaves in head-like whorls.....	.10	1.00
NEPETA		
Mussini, lavender flowers and grey foliage, suitable for borders and rock work. Beautiful anywhere10	1.00
PAPAVER (Poppy)		
Nudicaule (Iceland Poppy). Similar to Alpine but with larger flowers and foliage. Suitable for borders20	2.00
PHYSOSTEGIA VIRGINIANA (False Dragon Head). Erect stems 4 feet high, white and flesh-colored flowers in terminal racemes.....	.20	2.00
RANUNCULUS (Crow Foot).		
Asiaticus, various colors, double and single flowers, growing 2 feet high in early spring.....	.10	1.00
RUDBECKIA (Cone Flower).		
Golden Glow, double yellow flowers in August on stems, 6 to 7 feet high.....	.15	1.50
SPIREA (Meadowsweet).		
Filipendula (Drop Wort). Fern-like foliage, loose clusters of white flowers in May and June....	.20	2.00
STOKESIA CYANEA. In August and September it has blue flowers somewhat resembling an aster20	2.00
THALICTRUM (Meadow Rue).		
Aquilegifolia, large heads of feathery purple flowers in June and July; height 4 feet.....	.25	2.50
Dipterocarpum, tall growing plant; acquilegia-like foliage. Lilac-mauve flowers with yellow stamens and anthers. Suitable for partial shade.....	.20	2.00
TRADESCANTIA VIRGINICA (Virginian Spiderwort). Blooms all summer with purple blue small flowers.....	.20	2.00

IRISES

My stock of Irises is not large as yet, but I hope to offer a few rhizomes of most varieties season of 1927. If you will send me a list of your requirements I will quote a special low price on the lot. Correspondence invited. My collection includes the following high class varieties:
